## The Gift of Sight Words

To prepare the activity. 1. Copy one snowman per student. 2. Copy the gifts for the Dolch list your students are working on. (You may want multiple copies of the gifts). 3. Cut out the gifts and place them in a container.

\*Note\* color and black/white versions are included in this pack.

## The Gift of Sight Words

How to play.

and

1. Students get one snowman each. 2. Student A picks a gift out of the container. If they can read the word quickly, they place it or glue it in the snowman's hand. If they read it incorrectly, they place it back in the container.

 3. Player B follows the same procedure.

> 4. Students continue to play by stacking the gifts (see example to left) until you feel the students have had sufficient practice or you set a gift limit.
